

# TEACHING AS COLLECTIVE LEADERSHIP

*A Framework for Growing Students as Leaders of a Better Future*

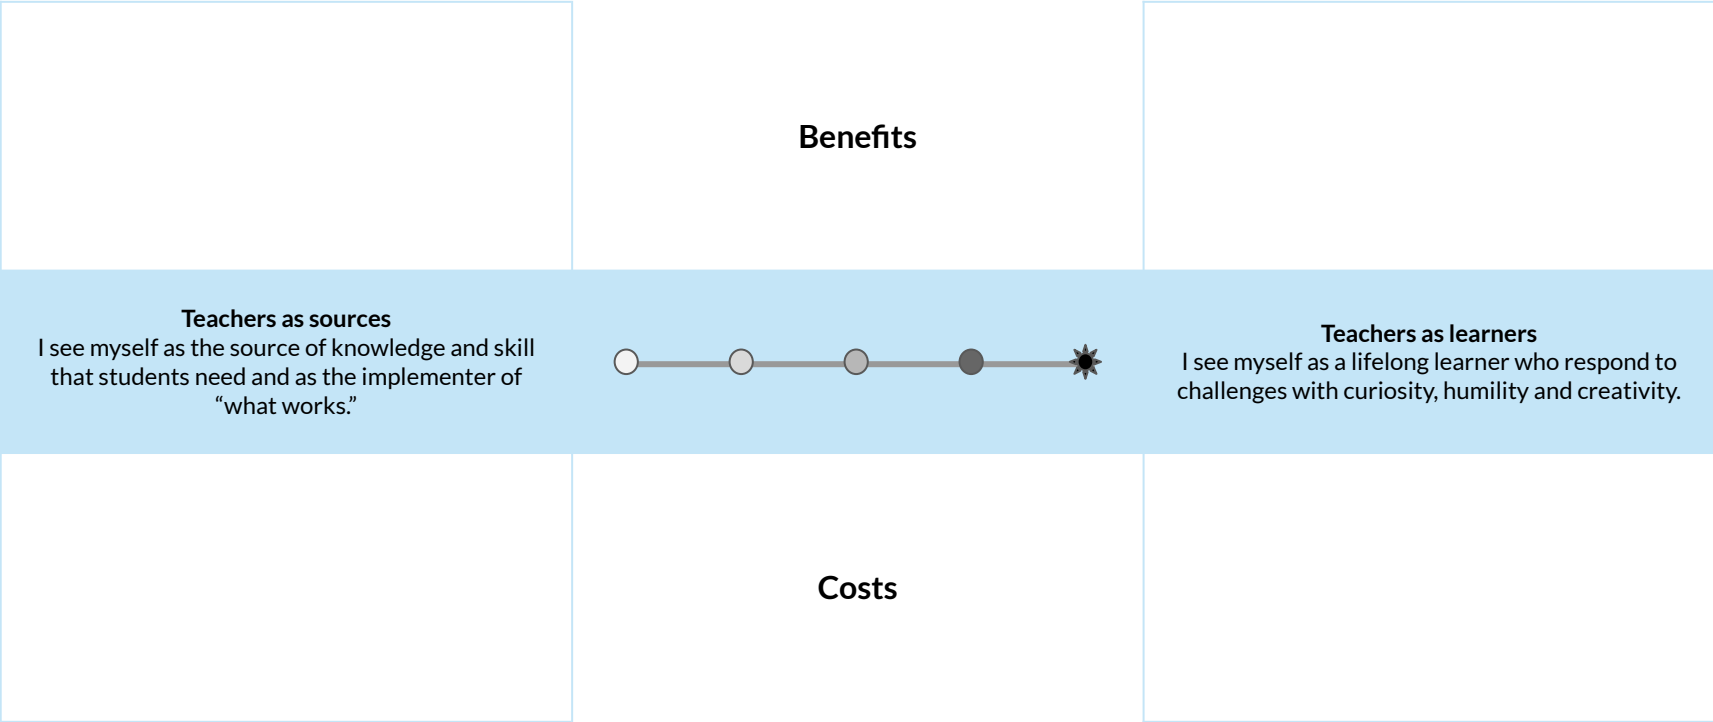

## Exploring Lens Benefits and Costs

In this exercise, we explore the benefits and costs of both ends of a spectrum related to this lens.

1. If you wish to engage in this exercise, please make a copy of this deck
2. Before answering the questions on slide 3, please take a moment to list the benefits & costs of being on either ends of the spectrum

# Exploring Lens Benefits and Costs

**1. What are the benefits and costs of where I am usually on the spectrum?**

**2. How do these benefits and costs shape my actions with students?**
